

Principal's Report

Wednesday 1st June

2016

Josh Collins

For the ordinary meeting of the
Parents and Citizens
Association, Annandale North
Public School.

Market update - due to Assets not wanting to proceed with tender without some guarentees from council that parking would not be an issue, and council saying it is highly unlikely that they would approve a development application due to lack of parking, the market proposal has become untenable. The school is no longer pursuing the markets as a fundraising activity as the time and effort in acheiving headway is beyond the scope of our real purpose.

Lets talk robotics and coding: We have taken off with these technologies. We now have a full continuum of learning in computing. From Beebots in stage 1, coding in stage 2 and bringing it together in lego robotics in stage 3, we now have a comprehensive approach to teaching computing. Teachers are embracing it, getting trained up, and seeking opportunities to engage with the technology.

Reports: Staff met to discuss reports and consistency today - let me share some of the resources and historical data with you. Assessment Resource Centre, BOSTES work samples, the grades A-E, review of last years data, ANPS reporting guidelines.

The enrolment placement panel have met to review the enrolment policy for 2016-2017. The draft is near completion and we are meeting again next week to ratify the document. The website will be updated accordingly, and enrolment advertising will kick off on our sign in Term 3. Key changes are the removal of scary paragraphs saying siblings won't be enroled, inclusion of
